1	i was already well aware of the topic.	6/16/2022 2:28 PM
2	I thought it was useful but not very interesting - a bit too much on 1 topic	6/14/2022 5:49 PM
3	There was a bit too much of this	6/14/2022 10:53 AM

#	COMMENTS FOR " INTRODUCING NEW TECHNOLOGIES AND NETWORKS (SESSION 2)"	DATE
1	I chaired this session so won't comment.	6/14/2022 1:22 PM
2	I loved the African imaging session. The rest was not so relevant for me.	6/8/2022 9:35 AM

## Q5 What could be improved?

Answered: 17 Skipped: 24

#	RESPONSES	DATE
1	As a Hybrid event... I felt left behind as I could not at all see what was happening in the onsite only events... it would be nice to have at least a video link where we could see the general events.	7/18/2022 7:01 PM
2	Honestly - nothing. Now we've found the balance.	7/1/2022 9:46 AM
3	Motre time for open discussions, breaks were to short	6/30/2022 1:21 PM
4	I think the day was too long. The keynotes of the main ELMI was started after a long day, I was totally exhausted by then. Better to separate them or to move the Sport event to after all the talks. Not enough time for audience Q&A and more discussions	6/21/2022 5:40 PM
5	A coffee break between facility program and main program. 4.5 hours without a break was quite a long time. A round table or group discussion topic. This will allow for more input than only a couple of questions remarks from the audience. Also great for networking, if the topic allows for this format.	6/20/2022 10:31 PM
6	have discussions in smaller groups, move the football event either before lunch or towards the end of the CF session	6/20/2022 5:54 PM
7	A coffee break before the main event started (3.5 hours was a bit long) Maybe a session with round tables/30 mins discussion about a topic in groups. This will allow input from more people about a topic instead of only the speakers and panelist on stage, and a couple of questions from the audience.	6/20/2022 10:26 AM
8	It was a great session. When we ran the Light Microscopy Australia meeting, we had a dedicated social evening/event for the facility staff session rather than the full conference attendance.	6/15/2022 1:18 AM
9	An incentive for people to go and watch the match would be good. Some seats or more of a grassy area to sit on would be good. Drinks or something for spectators	6/14/2022 5:49 PM
10	More time to discuss topics	6/14/2022 3:51 PM
11	Possibility to discuss more. Perhaps at the end of the session, there could be a general discussion for 30 min as a wrap-up for the CF day, where people could bring back the topics to discuss and wrap up the CF day.	6/14/2022 1:22 PM
12	the room / stage was a bit too large for this event, so it was more lecture-like and it made discussion difficult.	6/14/2022 1:18 PM
13	More open forum	6/14/2022 12:45 PM
14	More breakout sessions. With options for discussion. A track for facility Bioimage analysts would be nice to see. There are more of them in core facilities now	6/14/2022 10:53 AM
15	efficient discussion with online speakers is difficult	6/14/2022 7:15 AM
16	More discussion time, more interactions, maybe in groups?	6/13/2022 3:37 PM
17	More discussions on training or sample prep	6/8/2022 9:35 AM

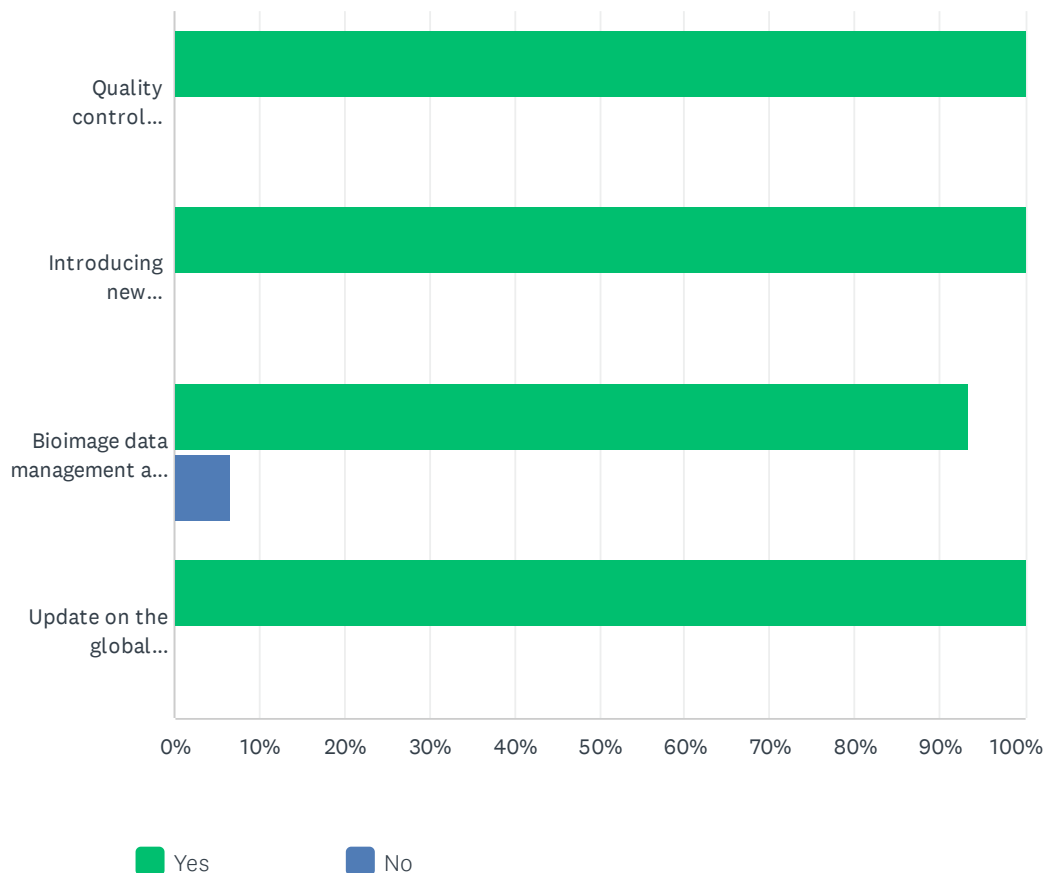

## Q6 What did you like ?

#	RESPONSES	DATE
1	Everything.	7/1/2022 9:46 AM
2	Getting personal feedback about what we are doing	6/30/2022 1:21 PM
3	It is directed to core facilities and their needs and interests.	6/21/2022 5:40 PM
4	Topics of the session, all of great interest for core facility staff	6/20/2022 10:31 PM
5	Seeing everyone in person and connecting with new colleagues.	6/20/2022 10:26 AM
6	Topics were well chosen and ran smoothly.	6/15/2022 1:18 AM
7	Anyone could play	6/14/2022 5:49 PM
8	I enjoyed learning the status of different initiatives like Africa Bioimaging or QUAREP	6/14/2022 3:51 PM
9	It seemed to me that the whole CF day was coherent in terms of topics chosen. Though I might be biased as I was also one of the organizers. Looking forwards to the feedback results.	6/14/2022 1:22 PM
10	topics and people! all great and relevant / important topics.	6/14/2022 1:18 PM
11	Seeing everyone and time to interact	6/14/2022 12:45 PM
12	It was good to see where the FAIR and QUAREP project was. It was nice to see information about othes facilities and how they were carrying out data management	6/14/2022 10:53 AM
13	topic selection	6/14/2022 7:15 AM
14	topic section very good	6/13/2022 3:37 PM
15	the sessions were inspiring	6/8/2022 9:35 AM

## Q8 How do you like the hybrid format?

Answered: 32 Skipped: 9

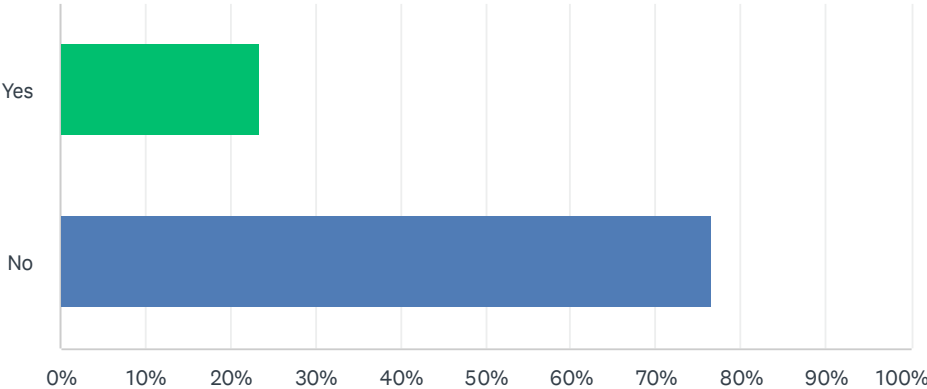

ANSWER CHOICES	RESPONSES	
I prefer in person meetings for the CF session.	25.00%	8
I prefer virtual meetings for the CF session.	0.00%	0
The virtual format is equal to in person meetings.	0.00%	0
I appreciate the virtual option, even though I prefer to attend in person, if I manage.	68.75%	22
Other (please specify)	6.25%	2

#	OTHER (PLEASE SPECIFY)	DATE
1	Great to have the virtual format as an option as this allows to have a larger audience and also gives more options to presenters. Thanks!	6/21/2022 7:18 PM
2	I decide virtual/in person depending on the distance between my workplace and the conference. If it is not very far, I prefer in person. If it is far, I prefer virtual to save time, CO2 emissions and not be jetlagged.	6/8/2022 9:35 AM
